

List of Digital Twins

On the Digital Twin Subscription List page, you will find all the information needed to manage your subscriptions, as well as the option to purchase new subscriptions.

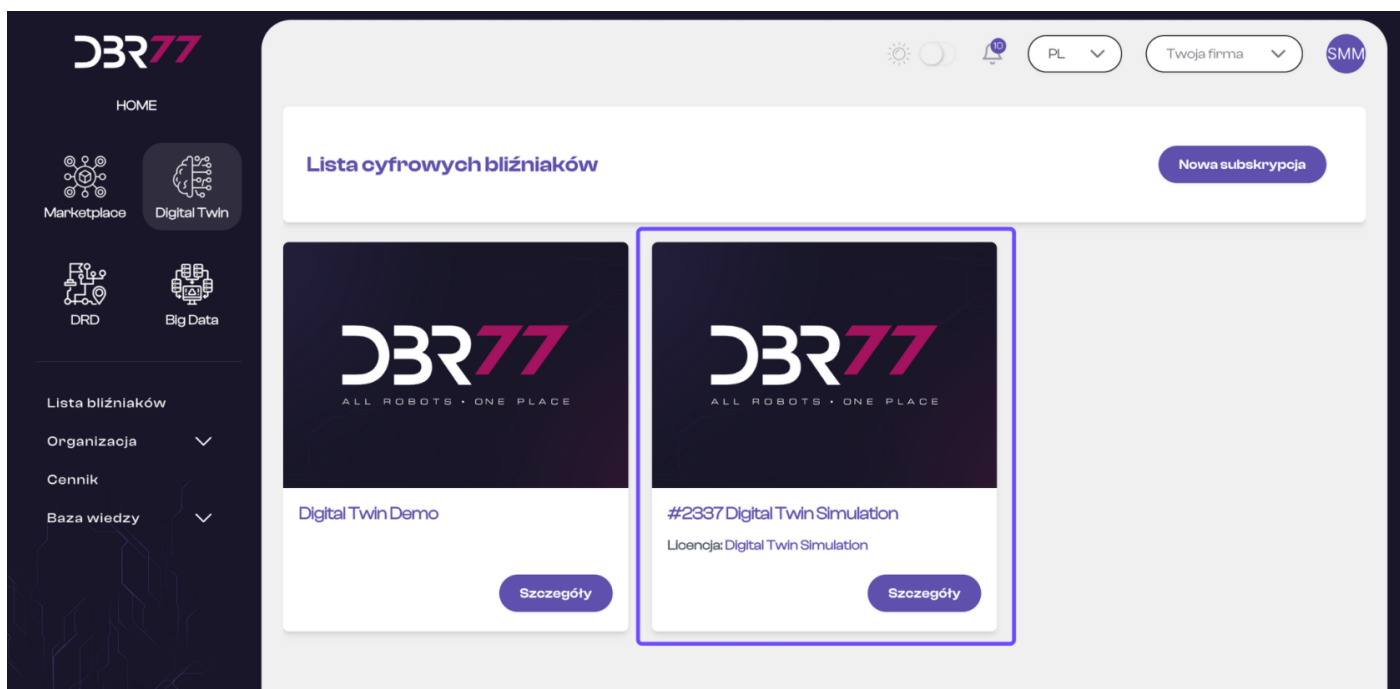

Demo Version

At the top of the page, you will find a demo version of the Digital Twin. This demo allows you to test the features of our technology in three different scenarios of varying complexity. It's an ideal way to explore the potential of the Digital Twin before purchasing a full subscription. For more information about the demo, click **HERE**.

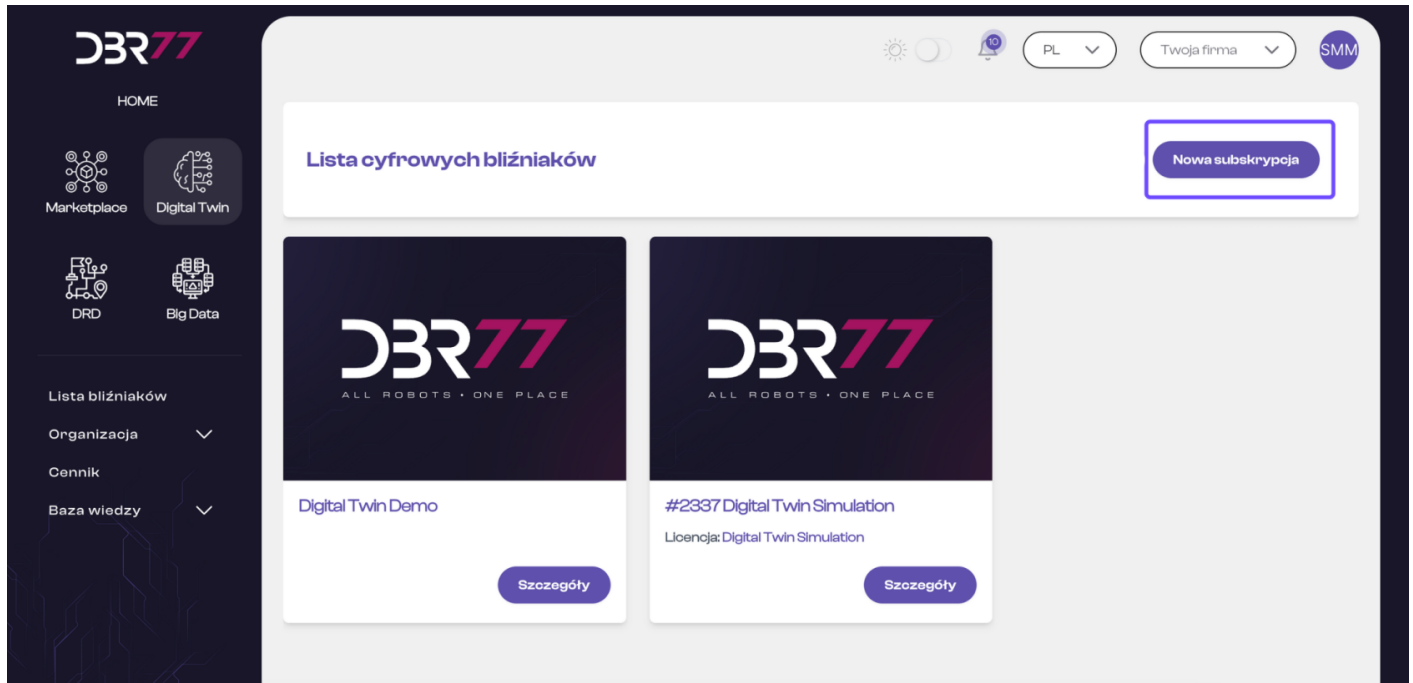

Tiles with Purchased Subscriptions

Next to the demo version, you'll see tiles representing your purchased Digital Twin subscriptions. Each tile represents a separate subscription and, when opened in detail view, includes key information such as:

- Descriptive information
- License details
- Users with subscription access
- Scenes within the Digital Twin

Purchasing a New Subscription

If you wish to add a new subscription, you can do so directly from this page. Simply click the “New Subscription” button to start the purchase process. This allows you to easily expand your options and add more Digital Twins to your account.
