Personalizing Your Profile

Instructions for Personalizing Your Profile on the DBR77 Platform

- Go to the homepage at DBR77.com and log into your account.

Find the User Menu:

- In the upper right corner of the screen, in the navigation bar, locate your profile icon. Click on it to open the user menu.

Access Your Profile:

- In the user menu, select the “Profile” option to view or edit your information.
- In the profile menu, you can view and edit your data, add or change an avatar, and review the consents accepted during registration.

Edit Your Personal Information:

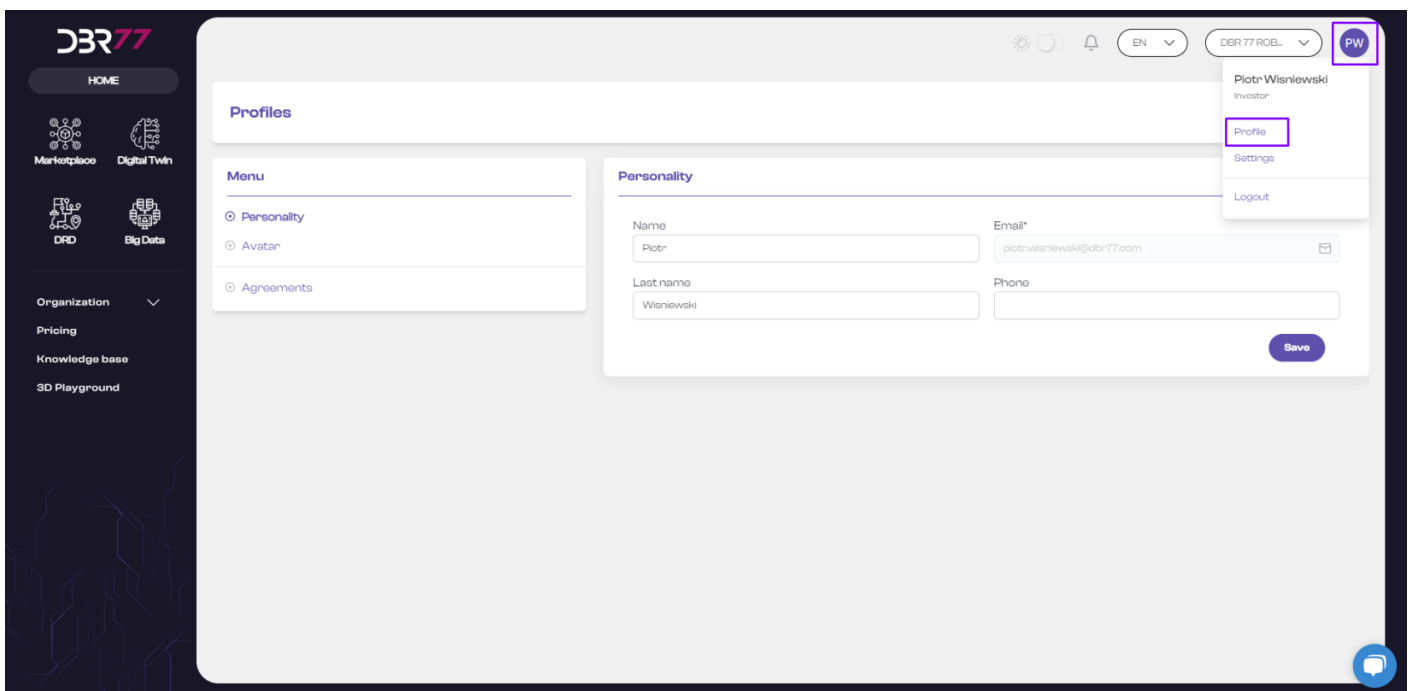

- On the “Profile Settings” page, you can edit personal details such as first name, last name, and phone number.

Profile Picture

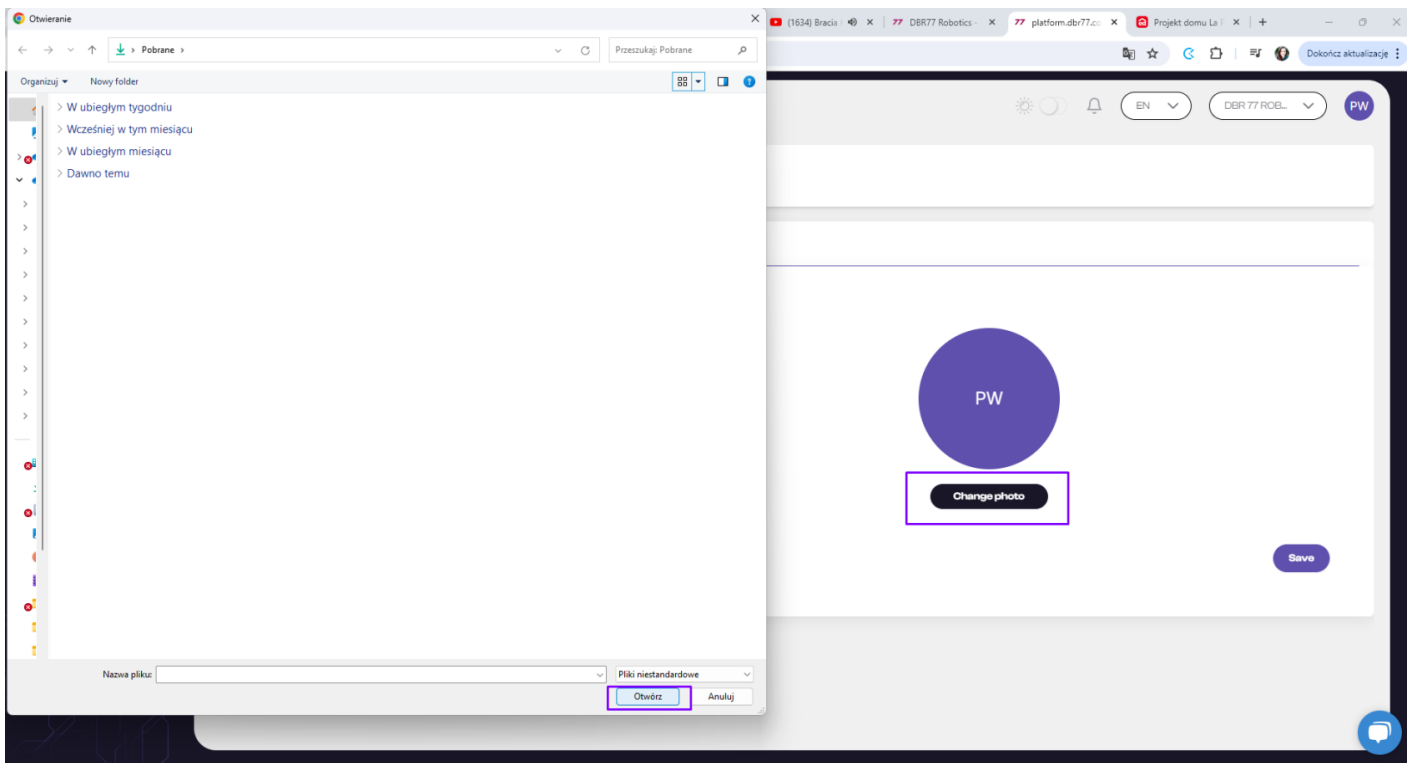

Instructions for Adding a Profile Picture on the DBR77 Platform

1. Go to the homepage at DBR77.com and log into your account.
2. Find the User Menu: In the upper right corner of the screen, in the navigation bar, locate your profile icon. Click on it to open the user menu.
3. Access Your Profile: In the user menu, select the “Profile” option to view or edit your information.
4. In the profile menu, you can view and edit your data, add or change a profile picture, and review the consents accepted during registration.

Edit Profile Picture:

1. In the profile menu, click on “Avatar.”
2. Click on “Change Photo,” select a file, and then click “Open.” Once the picture is uploaded, click the “Save” button.

Your profile picture has now been updated on the DBR77 platform!

Changing Your Password

Instructions for Changing Your Password on the DBR77 Platform

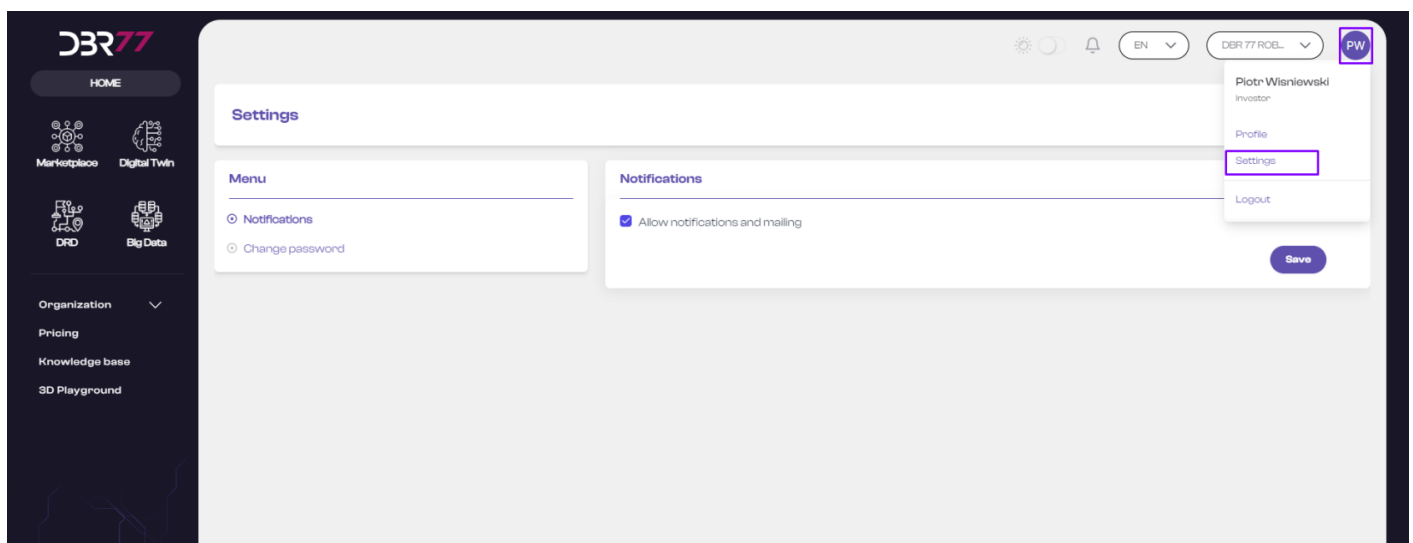

- Go to the homepage at DBR77.com and log into your account.

Find the User Menu:

- In the upper right corner of the screen, in the navigation bar, locate your profile icon. Click on it to open the user menu.

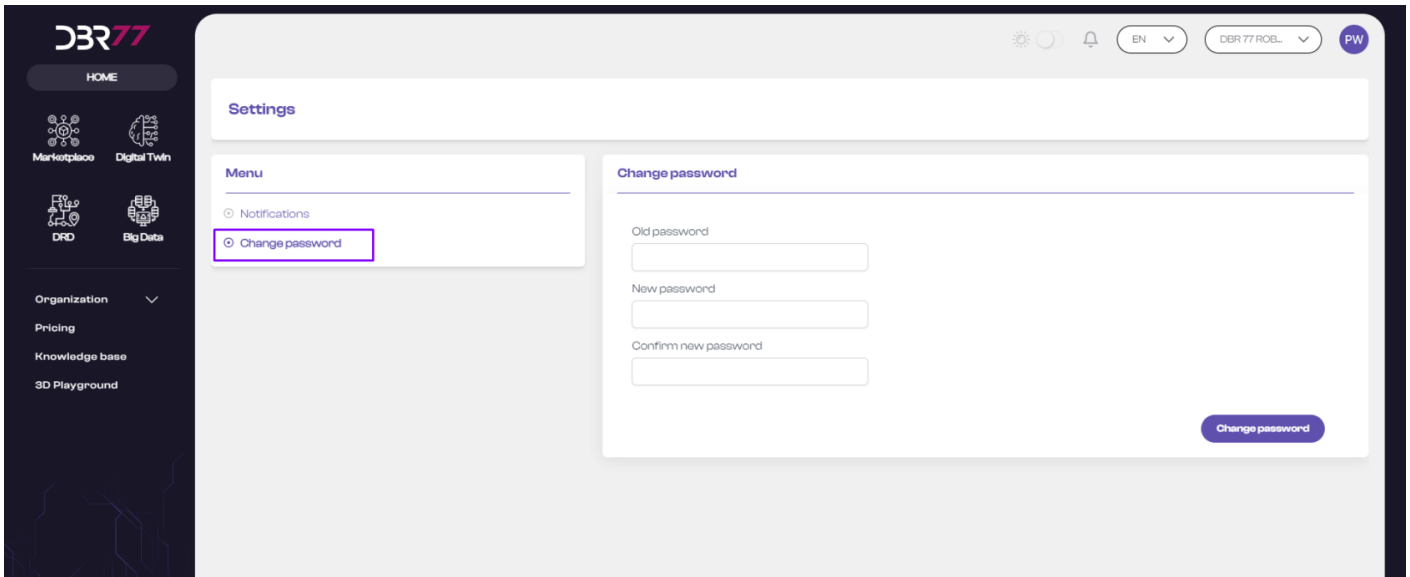

Access Settings:

- In the dropdown menu, select “Settings.”

Locate the Password Change Section:

- In the account settings, find the section labeled “Change Password.”

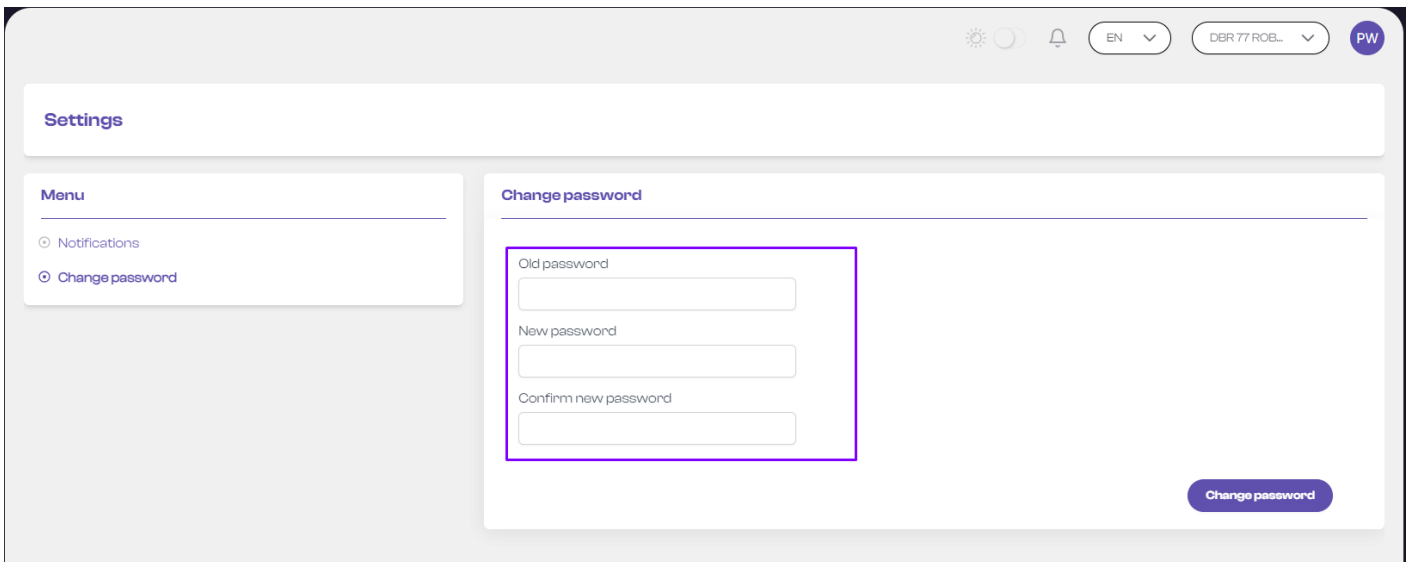

Enter Current Password:

- In the password change form, first enter your current password in the designated field.

Enter New Password:

- Enter the new password in the “New Password” field. Ensure it meets the length and complexity requirements.
- Re-enter the new password in the “Confirm New Password” field to verify accuracy.

Save Changes:

- Click the “Change Password” button to save the changes. Your password will now be updated.
