Instructions for Managing Notifications on the DBR77 Platform

- Go to the DBR77 Homepage:
 - Open your browser, go to DBR77.com, and log into your account.
- Find the User Menu:
 - In the upper right corner of the screen, in the navigation bar, locate your profile icon.
 - Click on it to open the user menu.
- Access Settings:
 - In the dropdown menu, select “Settings.”

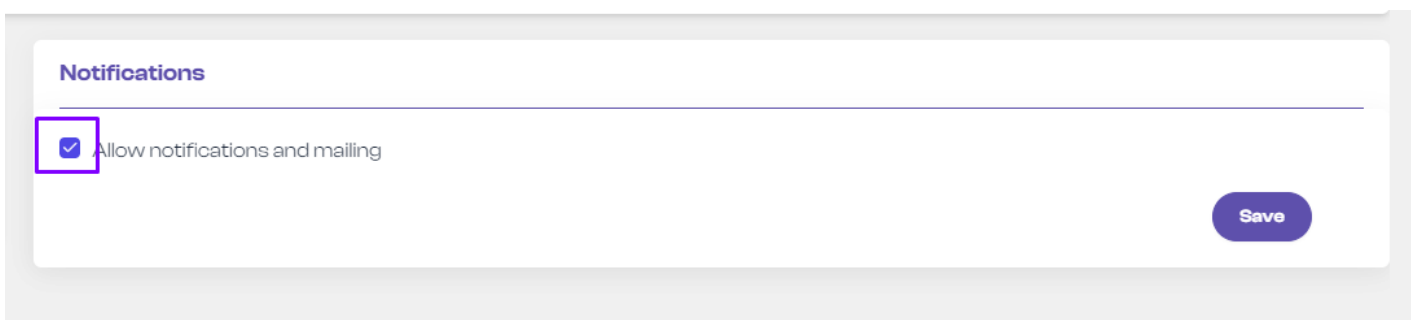

Notifications:

- In the account settings, look for the section labeled “Notifications.”

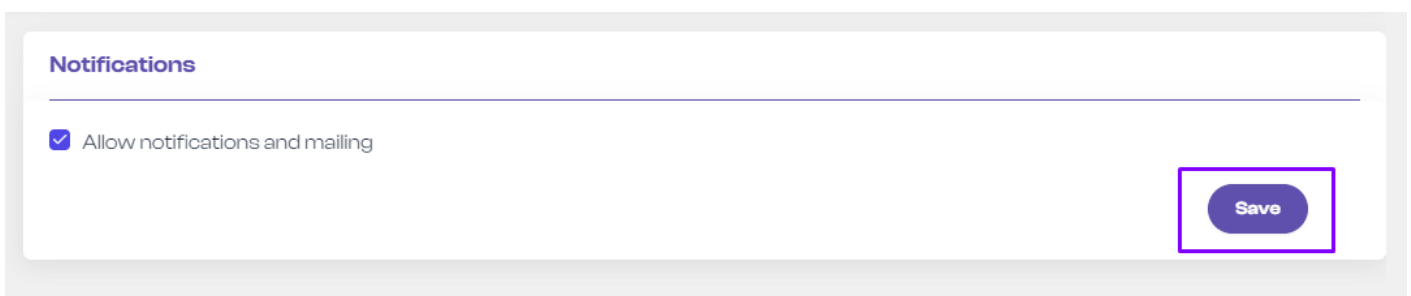

Manage Notifications:

- In the notifications area, you can enable or disable notifications (e.g., email, push notifications).
- To enable notifications, check the box next to the notification option.
- To disable notifications, uncheck the box.

Save Changes:

- After making your changes, click the “Save” button to apply the new notification settings.

Now you know how to enable or disable notifications on the DBR77 platform!
